

New Rainbow
Public School

CLASS X AND XII RESULTS

In the words of Dwayne Johnson, "Success is not the result of a single event, but the accumulation of daily progress, surpassing oneself with each passing day. It all adds up." This sentiment perfectly encapsulates the extraordinary achievements of New Rainbow Public School's Class X and XII students.

With unwavering perseverance, scholarly aptitude, and an indomitable spirit, these students have attained remarkable milestones. Class X students Nehal Kumar Giri, Harsh Verma, and Kalpana have secured an awe-inspiring score of 96.4%, setting a shining example for their peers. In Class XII, Ankush, the Science stream topper, has soared with an impressive score of 95.6%, while Samia Parveen has excelled with 95.4% in the Commerce Stream.

These accomplishments reflect the students' unwavering commitment to excellence and the school's dedication to providing top-notch education. NRPS continues to inspire and empower its students to unleash their full potential and achieve their aspirations.

As we celebrate their phenomenal achievements, we are reminded that success is a journey, built upon daily progress and the constant pursuit of improvement. NRPS takes pride in nurturing an environment that fosters growth, enabling students to shine brightly and make their mark on the world.

The remarkable successes of both Class X and XII students stand as a testament to their resilience and the school's unwavering commitment to their educational journey. They have embraced the philosophy of continuous improvement, turning each day into a stepping stone towards their dreams.
